JORDAN WINS OPENING DAY BRONC EVENT

Thousands Watch Colorful Events At Calgary Stampede

CALGARY, July 11.—Johnny Jordan, a hard-riding Texas cowboy, gave some of his best to sub- "Wally Dick" a nasty horse, to win first money in the day's North American bronc bucking with saddle event at the 34th an- nual Calgary Exhibition and Stampede Monday.

The Fort Worth cowboy got a good start in the preliminaries by scoring 272 points, four more than his nearest competitor, Jordan was the 1937 champion.

He completed his performance shortly after Hon. D. B. Mullen, Alberta minister of agriculture, had formally opened the Stampede.

Mr. Mullen stated "Calgary's Exhibition has made a contribution to the development of agriculture in the province of Alberta which cannot be estimated in dollars and cents."

EDMONTON PARTY
Mr. Mullen, Mayor John W. Fry of Edmonton, Fred W. Kemp, president of the Edmonton Exhibition, and other officials participated in the ceremonies.

Despite the heat, with the temperature 82 above, thousands crowded into the grandstand to watch the colorful Stampede events.

At the conclusion of the North American bucking preliminaries, Cecil Bedford of Medicine Hat and John Tubb of Spokane, Wash., split second and third money, re- sulting 1100, with 258 points each, had a point ahead of Irving Coble of Browning, Mont.

TIED FOR FIRST
Chuck Kemp of Calgary and Wally Reynolds of Aldine, tied for first position in the Canadian bucking horse riding preliminaries.

Bruce received the \$30 first prize and Linder, Frank Sharpe, High River, and Joe Wells of Medicine Hat, were second, third and fourth, respectively.

The Burton brothers, Pat, seeking his fifth Canadian calf roping title, and Tony, of Clearmont, Alta., were among top men in the roping event.

\$50 PRIZE SPLIT
Torts Burton and Cecil Buehler of Dog Pound, Alta., split the \$50 prize in the North American calf roping preliminaries by sewing up astounding bundles of time in 24 seconds flat. Charlie Evans of Cardston, last year's champion, led his calf in 31.3 seconds for third prize.

Pat Burton threw a baby belt in 24.2 seconds to win the Canadian calf roping preliminaries, just a fraction ahead of Wally Linder of Cardston.

Andy Lund took only five seconds to tag a steer in the wild steer roping contest to win the \$50 prize. Frank McEwen of Medicine Hat, 8-13 seconds, was second, and Wally, 8-14 seconds, was third.

Her Pins Bowl Em Over

LONDON, July 11.—Four British newspapers today endorsed Prime Minister Chamberlain's warning to Germany that Great Britain will fight at Poland's side in the event of aggression.

"The Nazis have been warned once and for all that if they stage a push in Danzig, under whatever guise, they will be throwing out challenge which the peoples of Britain, France and Poland will take up as one man," the Daily Telegraph (Conservative) said.

The Daily Herald (Labor) gave unqualified approval to the prime minister's statement and said editorially:

"Chamberlain spoke clearly yesterday. If Hitler provokes war over Danzig then he does it with his eyes open."

The Daily Mail (Independent) said:

"It is not Danzig as such that would bring Britain in, but the deadly threat to the existence of Poland which would follow occupation of the city at the mouth of the Vistula."

The diplomatic correspondent of the New Chronicle (Liberal) wrote:

"One certain fact is a very uncertain world is that Hitler must go to war unless he is able to convince the vast majority of his countrymen that Germany is fighting in self-defence, and the reminder of the unlikelihood of his own making such weaken that conviction."

Despite the heat, with the temperature 82 above, thousands crowded into the grandstand to watch the colorful Stampede events.

Pope Pius Is Anxious About Peace of World Cardinal Villeneuve Says

By LEON EDEL

CANADIAN PRESS Staff Writer
NEW YORK, July 11.—Pope Pius is very anxious about the peace of the world and is working hard to avert war, Cardinal Villeneuve, Archbishop of Quebec, said Monday arriving here from a seven weeks trip abroad.

The French people are completely serene in the face of European tension, and they wait peace with all their hearts, but not at the price of humiliation," the Cardinal said.

The Cardinal arrived aboard the Normandie. He went aboard to the personal representative of Pope Pius at the consecration of a national basilica to Saint Jean of Arc in Denonville, the little French town where Joan heard the voices that led to her martyrdom.

It was the first time a foreign Cardinal has been appointed as legate to a consecration in France.

Cardinal Villeneuve said he was very much taken with the confidence with which French recovery is progressing, with dignity and without ostentation.

He said he found in France sympathy, understanding and confidence of the Canadians, and that he had been received and regarded as an ambassador not only of the Roman church, but of Canada, the British Empire and France.

The Cardinal hopes to deliver a series of addresses in the coming days, his experiences in France, where he visited a number of towns in Normandy and other places associated with the history of new France.

WIDENING OF DIVORCE LAW IS FAVORED

B.C. Law Society Would Bring It In Line With British Law

VANCOUVER, July 11.—Widening of Canada's divorce law to bring it in line with recently amended British law was favored in a resolution unanimously endorsed by the Law Society of British Columbia at its fifth annual convention last night.

The resolution proposed enactment of a Canadian law of divorce similar to the "Matrimonial Causes Act" which was sponsored by A. P. Herbert in the British House of Commons and became effective in Britain Jan. 1, 1938.

In British Columbia, adultery and desertion are the only grounds on which divorce is at present permitted.

Under the British act, grounds include also desertion without cause for three years, cruelty, and incurable insanity. As grounds for nullity it includes mental disease at the time of the marriage, and pregnancy by other than the husband at the time of the marriage, in both cases when unknown to the other party at the time of the marriage.

With the opposition in mind which was expected to offer to any widening of present divorce laws, the convention adopted a further resolution to the effect that any individual provision be made by a second statute, in the case of the Matrimonial Causes Act, which provides that such act shall not apply to Scotland or northern Ireland, or alternatively, by a clause making any section of the act inoperative in any province, whose legislature so enacts within a year.

Another resolution, adopted, recommended amendment of the Attorney-General Act of British Columbia to provide that the attorney-general must be a member of the bar in British Columbia.

C. H. Locke, K.C., sponsor of the resolution, pointed out that in Alberta Premier Albertus a layman holds the portfolio of attorney-general in that province, and that the proposed measure was designed to prevent the same thing happening in this province.

He mentioned that Premier T. D. Irvine of Ontario had recently made a similar tour which he would visit the city.

DUGGAN URGES ADJUSTMENTS FOR TAXATION

Prepares Brief Recommending Cut In Levy On Real Property

Mayor of Alberta's seven cities should decide on a common plan of campaign to seek long-overdue adjustment of the real estate tax relations between the cities and the province, according to a recommendation of J. J. Duggan, secretary of the Edmonton Taxpayers' Bureau, an interim committee to study the taxation problem.

Another submission to the report is that "on grounds beyond dispute taxation on real property should be reduced at the earliest possible moment."

Mr. Duggan also recommends that as Edmonton tax problem is being studied, the cities should make a study of the province and the Dominion, no satisfactory adjustment can be obtained until an agreement between the three taxing authorities as to their respective obligations and fields of taxation has been reached. Such an agreement should be reached at once.

The report also recommends that information must be obtained to determine the number of persons taxable under a poll tax, which is a tax on the person, and that a possible revenue derivable therefrom.

It is suggested that the right be obtained to adjust the city's levy on properties located within the boundaries of the province, and that a policy for increasing the sales tax on the city's indebtedness be adopted.

GOVERNMENT PROPERTY
Mr. Duggan further suggests that the government, as owner of many of the federal and provincial government properties, should make a study of the right to tax their properties in the cities for municipal purposes, or in the alternative, to have the cities pay for the maintenance of the properties.

He recommends also that efforts be made to acquire the right to tax the properties of the federal and provincial governments, as well as the properties of the cities, for municipal purposes. Request should be made for increased grants for educational purposes.

Abolition of the service tax at the retail level, and the introduction of a sales tax, should be sought, and efforts made to have the federal and provincial governments, as well as the cities, to have such services as bear a national character, such as the police, fire, and health services, paid for by the provinces.

Some of the colorings are to be used for the purpose of the study. It is suggested that the right be obtained to adjust the city's levy on properties located within the boundaries of the province, and that a policy for increasing the sales tax on the city's indebtedness be adopted.

JAIL TROUBLE SAID CAUSED BY AGITATORS

Fellow Returns After Probing South Prison Disturbance

Disturbance at the Lethbridge jail last Friday was caused by a few agitators, according to the opinion expressed by Hon. W. A. Fallow, minister of public works, after a tour of the prison last Friday after commencing an investigation at Lethbridge Monday into events surrounding the disturbance.

Mr. Fallow returned here before the probe was completed and it being continued and concluded by A. B. Hogg, K.C., agent of the province general at Lethbridge and Inspector H. Darling of the R.C.M.P.

NOTHING SERIOUS
"I got most of the evidence I was looking for at the Lethbridge jail. There was nothing serious in the disturbance. In my opinion the disturbance was caused by a few agitators and they tried to crawl out from under. No damage was done."

Mr. Fallow said that in addition to officials, he had interviewed a number of the prisoners. Three of them had "absolutely no complaint." These men had no complaint. They were better off than they were used to.

One prisoner, said Mr. Fallow, said he didn't like the tea or coffee served in the prison. He was in the grade, but added that he couldn't see any reason for his punishment for the disturbance.

The disturbance had been caused over food complaints.

Hon. S. E. Tupper, minister of labor, said he was in Lethbridge on Thursday. He expects to return Thursday.

Mrs. H. Bannerman Is Beaten in Singles

FIRST seeded star in the Edmonton and district tennis championships was in progress at the six shale courts of Glenora Tennis Club, to suffer elimination was Mrs. H. Bannerman, seeded second in the women's open singles, who on Monday was defeated by Helen Collier, strong Scots Centre Club player. The score was 7-5, 6-4.

Mrs. Collier who showed considerable promise last year, came to the final without having lost a set, being pitted against last year's finalist, Miss Bannerman. Mrs. Collier went about her business in a determined manner, and despite the greater experience and greater resource of Mrs. Bannerman, the former had just enough in reserve to come through in two closely-fought sets.

Mrs. Collier deserved her victory as she had worked unceasingly. Mrs. Bannerman probably was not at her best and on another day might have come through at all.

KINLOCH TRIUMPHS
Henry Kinloch, former provincial and six times city champion, made his first singles appearance of the tournament and won from Herman Martell 6-1, 6-2. Martell is playing a very fine game this year and was a severe test for Kinloch, who, however, came through with flying colors. He handled Martell's pulverizing service and deceptive, wrist shots to splendid fashion.

The other feature singles match was that between Bill Stark and George McFarlane, which the former won at 6-4, 6-1. McFarlane plainly showed his lack of practice and condition. Stark, however, had Stark worried and as McFarlane showed the net, Stark was obviously a better player. Stark forced to lead 4-3 and from that time on he was in command and he was a more severe test for McFarlane, who he showed greater control at all times.

MITCHELL BEATEN
Lyle Mitchell took the measure of the hard-driving Fred J. Parker in a long three set match at 6-1, 2-4, 6-0.

In the ladies' open doubles match, Helen Hirtle-Taney defeated Mrs. Hutchinson-McFarlane 6-1, 6-0. In the ladies' open singles match, Helen Hirtle-Taney defeated Mrs. Hutchinson-McFarlane 6-1, 6-0.

With game events now down to the eighth, all matches from now on are expected to be of the close, hard-fought variety.

CANADIANS EQUAL BEST BISLEY MEET

Eastern Canada Stars Tied with Others for Top Rating

BISLEY CAMP, ENGLAND, July 11.—Canadian marksmen equaled the best scores in one feature match at Bisley Monday and shot well up to the mark as the Empire meeting of the National Rifle Association closed under a sun.

SHOOT FOR TROPHY
New Canadians, Lieut. C. F. Kennedy of Milton, N.S., and Corporal H. D. Whitehead of Toronto, tied with 13 others for the lead in the Davis Telegraph match at 80 yards and will be in the line for the trophy Wednesday.

Accuracy and Whitehead had scores of 40 out of a possible 50. A possible was registered in the Davis Telegraph but it was achieved by Quartermaster Sergeant H. Crook, formerly of the Devonshire Regiment, shooting in the two trials which is not eligible for the major award.

The day's second feature, the Daily Mail match at 50 yards, resulted in a tie between two English marksmen, Pilot Officer Eastern of the Royal Air Force and Capt. J. White of the London Rifle Brigade. These two had perfect scores of 50 and will shoot off for the trophy later.

ONE OFF PERFECT
Best Canadian score in the Daily Mail event was just a point short of the perfect score of 50, achieved by Lieut. A. F. Gurney of Charlottetown, and Company Sgt-Major Henry Bask of Ottawa.

Nearly 1,500 competitors, including the team of 10 minute marksmen from Canada, got into action in the Imperial meeting opened with the weather fair to full at times. There was a moderate rain shower which did not unduly hamper the marksmen.
